

**Not all MRIs
are created equal.**

When your doctor says you need an MRI, you want certain things: An open machine so you don't feel claustrophobic. A powerful magnet for the best images. And an easy, convenient experience.

That's why you should choose Open MRI of Southington, located at the Bradley Memorial campus of The Hospital of Central Connecticut. Our new, open MRI combines the most powerful, open machine available with free, easy parking, same-day scheduling, and evening and weekend appointments. Call 860-276-5155 for an appointment.

Open MRI of Southington

Open. Powerful. Easy.
